

205 Gti Covers & Trim

“...Let us be seated”

Owner & Proprietor. David C Hickman

This is the general price list for the items offered by us. (Rev. 15, amended 22/5/16)

It is provisional and may be subject to modification as and when, subject to material price changes

1. New full replacement foams

1.1 Cushion foam

This was added to the range in 2015 and is rapidly becoming a firm favorite with restorers. I have replicated the molds for the full front seat cushion of the GTi.

They were launched April 2015 and are priced at a competitive £90 each. The production lead time is 7-10 days.

Shipping is costed for the UK and Europe. Outside these areas, the “Rest of the World” costs will need to be priced on an individual basis, so please email me for a quote.

Replacement front seat cushion	price each	£90	CF001
--------------------------------	------------	------------	--------------

Figure 1 replacement front cushion

1.2 New Bolster foams

I felt all along that if you were taking the trouble to replace your seat covers then it also made sense to ensure that they were fitted to a sound seat cushion and bolsters. To this end I have developed the patterns and molds to enable me to cast new foam thigh bolsters for 205 GTi style seats. This is the ideal repair item and can be replaced with your seat and cover, in situ.

Both left and right hand side bolsters are now available and will be an improved version of the original, in terms of durability.

Thigh bolster foam (left/right)	price each	£38.00	TB001 (RHS) TB002 (LHS)
---------------------------------	------------	---------------	--

Squab bolster foam (left/right)	price each	£43.00	SB001 (RHS) SB002 (LHS)
---------------------------------	------------	---------------	--

Please note that postage and packing is not included in these prices and that for the UK our preferred carrier is Royal Mail.

Most items will come within the scope of their main delivery service (3 days)

You can, of course still view, and download my Bolster repair manual, this has useful information on removing your old bolster(s) in preparation for my new ones.

2. Bolster cover upgrade or repair kits

We offer “supply only” individual bolster covers to enable that cost effective upgrade, or the ideal repair item used with our replacement foam bolsters. These items are sewn up with your existing seat inserts.

Readymade bolster covers are in B09 cloth (black only) for your 1.6 GTi or 205 “Rallye”, available [ex-stock](#)

The leather and Alcantara versions are custom made to order, Please contact me directly for further information.

Option 1 – B09 black cloth

Thigh bolsters (left/right)	price each	£30.00	GT001 (L/R)
-----------------------------	------------	---------------	--------------------

Squab bolsters (left/right)		£20.00	GT002 (L/R)
-----------------------------	--	---------------	--------------------

or
Buy 2 of each for a full seat refit **£95.00** **GT099C**

Option 2 – Leather Under development

A full front seat set of bolsters, cut from one hide, comprising of 2 squab, and 2 cushion bolsters, initially available in black, but Charcoal, and grey are currently being researched for hides of a suitable colour match. Top sewn like the original 1.9 version in red, or green, Gutterman thread.

Full front set	price each	£155.00	GT099L
----------------	------------	----------------	---------------

And finally

In black or dark grey

Option 3 – Alcantara Under development

Buy a full seat refit	price each	£140.00	GT099A
-----------------------	------------	----------------	---------------

Note when ordering please indicate the top stitch colour to match your inserts and (if applicable) whether left or right sides are required.

3. Full replacement seat covers

We are developing a range of replacement seat covers based around our stock materials. B09 black cloth, Quintet or Columba – my own design insert fabrics, and Alcantara – the Ferrari faux suede material. The models we will cater for are the 1.6 GTi, Rallye, etc.

i) 205 GTi 1.6 – cloth option

Front seats

New full front seat covers fitted with either of our replacement insert fabrics– “**Quintet**” or “**Columba**” and standard cloth bolsters/surrounds in our own black needle cord fabric B09.

New front seat cover	price each	£215	GT100
-----------------------------	------------	-------------	--------------

or buy 2 and get them for	the pair	£408	
---------------------------	-----------------	-------------	--

Rear seats under development

We fit new zips, listings, interior piping, calico dust covers and new vinyl backs to the rear seat backrests. and, of course, either our new insert fabrics.

Full set of rear seat covers	price per set	£375	GT299
------------------------------	---------------	-------------	--------------

and

The Full car refit set is:	price per set	£783	GT399
-----------------------------------	---------------	-------------	--------------

In all cases, please indicate your preferred top stitch colour when ordering. (i.e.. red or green)

ii) 205 “Rallye” covers

This is our basic Rallye seat cover replacement made from our B09 black cloth, and is competitively priced. The option of the “flamme” insignia directly machined into the seat backrests is also available at £15 per seat, if required.

Front seat work in progress	price each	£215	GT100R
------------------------------------	------------	-------------	---------------

or buy 2 and get them for	the pair	£409	
---------------------------	-----------------	-------------	--

Rear seat under development	price for the set	£335	GT299R
------------------------------------	-------------------	-------------	---------------

And

Full car refit set is:	price for the set	£744	GT399R
-------------------------------	-------------------	-------------	---------------

The optional extra of an embroidered “Flamme” logo in the squab top section is £15 per seat.

(Logo design courtesy of J.Goodhand)

iii) 205 GTi special under development

Alcantara – the fabulous “faux suede” material developed by **Ferrari** is a high quality option for my **205 GTi** seats. As a completely new option we are not able to offer replacement individual elements, and will sell this option on a full seat basis only. The seats comprise of our hide bolsters or surrounds with Alcantara inserts. We also offer an optional extra in the form of a “GTi” embroidered logo in the seat squab top section for that final touch.

Front seats or buy 2 and get them for	price each the pair	£285 £542	GT100A
Rear seats and	price per set	£476	GT299A
Full car refit set is:	price per set	£1018	GT399A

The optional embroidered “GTi” logo is **£15** per seat

(Logo design courtesy of Andreas Talarewsky)

(Note - all full car refit sets are already subject to a 5% discount over individual element prices)

4. GTi – seat insert fabrics

If you wish to trim up your own seats or just replace the inserts using your own trimmer/upholsterer then you can buy my replica insert fabrics as a separate item. Each material is a true representation of its equivalent OEM material. Priced by roll unit; the roll being a standard 1.5 meters wide.

i) Quintet

A Jacquard woven polyester replacement fabric, based on the original Peugeot fabric – “Quartet” Sold in Roll units of 0.75 running meters.
(1 Roll Unit = 0.75 meters and is sufficient for 2 seats – front or rear)

Quintet (red/black)

Price per Roll Unit **£36** IF01

I have compiled a “How to” guide which gives details on preparing and making up your new inserts. Available as a pdf download from here: [Insert preparation guide](#)

ii) Columba

This is the second of my replica insert fabrics for the GTi. This fabric has been developed in just 4 months and will be in the UK by mid-June 2016. Great attention to detail has been exercised and this polyester jacquard weave is a great replacement for your original "Ramier" inserts. Again, I have used the Roll Unit of measure and this fabric is sold in 1 pattern repeat lengths (approx. 0.45 meters). 1 roll unit is sufficient for a single seat (front or rear).

Price per Roll unit is £24 plus P+P

IF02

6. B09 – Black Needle cord material

This is the black needle cord fabric used on the 1.6 GTi, and also the Rallye seats. On the 1.6 GTi it is used for the bolsters and the rear seat surrounds, and the entire seat in the case of the Rallye. I have acquired a good replica material which is virtually identical to the OEM fabric, and being a polyester yarn is not subject to the UV degradation of the Peugeot original cotton material.

B09 - Black Needle cord

This material is sold in Roll Units of 0.5 meters with the following material allowances for one vehicle:-

1 front seat 2 RUs
2 front seats 3 RUs

And

Whole vehicle (2 fronts and 2 rears)
6 RUs

Price per R(oll) U(nit) is £21 plus P+P (equivalent to £42 per roll/running meter.) IF03

Layouts for the pattern pieces for 1 and 2 front seats are detailed in this download: [Bolster pattern layout notes](#)

6. Sundries

a A set of replacement nylon toothed zips (Black) for the GTi rear seats, custom made as the originals are all non-standard lengths, 3 zips per set. 1 set per side.

Rear seat zip set (1 side)	price per side	£9	IFZ01
----------------------------	----------------	----	--------------

b Rallye rear bench seat replacement zip set price per seat £12 **IFZ02**

c A fixing kit comprising of enough wing piping, linen tube, and Velcro loop, for all 4 seats.

1 set of seat attachments (listings)	price per car	£6	IFK99
--------------------------------------	---------------	----	--------------

All prices are net of shipping (P+P)

Final note.

If there is a fabric option I have not considered, and there almost certainly is as I am not familiar with all the 205 trim options; then provided the seat foam chassis is the same as the GTi then I may well be able to help.

Please do not hesitate to contact me to discuss the matter either by email – dave@205gticovers.com

or phone me on 07928 160981
